

APPENDIX 6

Graphical comparisons between the leakage and non-leakage model variants.

Figure 10

Non-leakage Variant

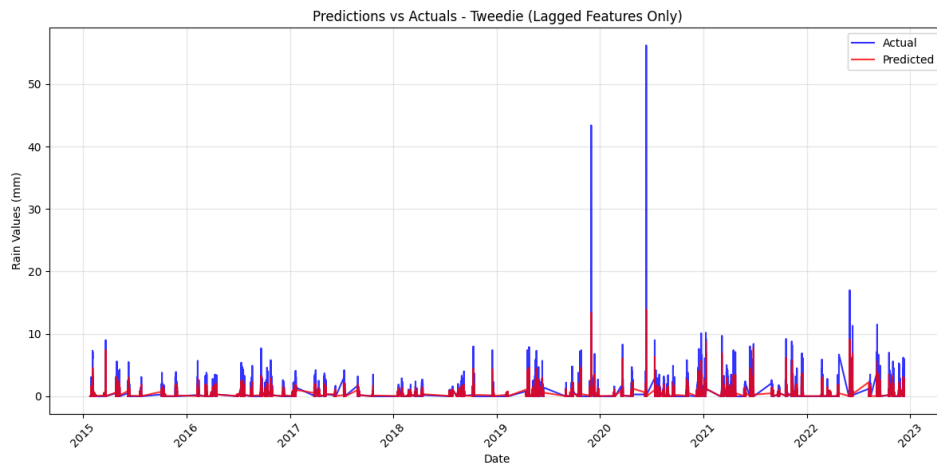

Note: The predictions of the model that did not have data leakage is shown. Red lines indicate predicted values while blue lines indicate actual values.

Figure 11

Leakage Variant

SUMMER 2026

Note: The predictions of the model that had data leakage is shown. Red lines indicate predicted values while blue lines indicate actual values.
